## **PORTRAIT SELECTIONS**

*The sitting fee covers the cost of photography for the sitting and all consultations. It does not include any finished portraits. This \$200.00 fee is due at the time you schedule your portrait session.*

*In the initial consultation, we will discuss portrait styles, choices for clothing and location options. A second meeting will be held at the location where your portrait will be taken. At this meeting, we will decide on specific areas for photography and optimal lighting.*

*When the previews are ready we will call you to schedule an appointment. This will be your only opportunity to view your previews and place your order. For those who cannot make this meeting, the previews will be available on our website.*

*The previews cannot leave the studio. Payment is due at the time that you place your order.*

## **THE CLASSIC PORTRAIT**

*Handsome, natural color portraits are ideal gifts for family and friends. You may choose a comfortable setting in your home or yard. Our CLASSIC portraits include retouching for glass glare and facial shine. There is a charge for any additional artwork you request.*
